Information about this service

Minimum term of the service

This service has a minimum term of 12 months. If you disconnect in this period, you will be charged an Early Termination Fee of \$20 multiplied by months remaining on this contract.

Boosting and Excess usage

If you use more than your included data during your billing cycle, we'll give you another 1GB for \$10, up to a maximum of 3GB additional on one service per month. You will then be charged for casual data at the rate of \$0.02 cents per MB. Your service may then be restricted. Extra data will expire at the end of your billing cycle and you'll automatically be moved back to your plan's original inclusions and charges.

Exclusions

Your call credit does not include text and calls to premium numbers, directory assistance, calls to satellite phones, all other services not specified as being included in the monthly credit. For more information see here:

International roaming costs

Making and receiving calls overseas is excluded from your call credit. These calls and data rates are outside our control. Roaming charges are higher than charges for international calls from Australia and data usage may be more expensive. Customers may also be charged for both making and receiving calls while overseas. We strongly recommend you do not use International Roaming but buy a local SIM card when you arrive at your destination.

SMS alerts

We will send you free SMS alerts to notify you when you reach 50%, 85% and 100% of your monthly data allowance. There may be a delay of up to 48 hours with these SMS alerts.

Changing your plan

You can change to a higher value plan with more mobile data, at any time at no charge. You can change back to your original plan at any time at no charge. However, you cannot change to a lower monthly plan fee than your original plan without incurring an early termination fee.
